

Our topic during this half term is based around the Global Citizenship themes of Sustainable Development and Globalisation & Interdependence. All year groups across the school are teaching one of these topics under the banner of 'Clean Green World' so there is an expansive progression of themes and knowledge across the school. In Year 5, our topic is 'Be More David Attenborough' and focuses on the deforestation of the rainforest and the impact of this both locally and globally. The enquiry questions that fuel the learning are detailed below along with details of all other curriculum subjects being taught this half term.

You can see our whole school vision and curriculum intent on our website: [Vision and Ethos | Lawn Primary School](http://www.lawnprimaryschool.co.uk)
